

## FOR IMMEDIATE RELEASE

### Setpoint Integrated Solutions expands territory agreement with Clark-Reliance.

Baton Rouge, LA (Dec. 4, 2018) - Setpoint Integrated Solutions (Setpoint I.S.) is pleased to announce that effective midnight Dec. 1, 2018 Setpoint I.S. will expand the exclusive Representative contract into Texas for following brands:

- **Jacoby-Tarbox**® sight flow indicators, security sight windows, lighting products, eductors (jet pumps) and tank liquid agitators.
- **Jerguson**® **Gage & Valve** reflex & transparent glass level gages, valves, and illuminators.
- **Jerguson**® **Magnicator Products** magnetic level gages, switches, and transmitters.
- **Jerguson**® (**Magne-Sonics**®) **Level Switches** external caged and top mount float & displacer switches
- **Reliance**® boiler water level gages including: reflex, transparent mica protected, bicolor glass and conductivity probe remote type, valves and illuminators.

Setpoint I.S. and the Clark-Reliance Corporation's partnership dates back to 2000, and Setpoint I.S. continues to be the legacy representative in North TX, Louisiana, Arkansas, and Southwest Mississippi Territories. The expanded territory will capitalize on the successful track record of serving end user needs within the refining, petrochemical, and power industries.

"Our goal from day one has been to align with "Best in Class" manufacturers who engineer products focused on improving the safety, reliability, and run time efficiency of our end users. Clark-Reliance has been a great partner for many years, and the expansion further into Texas will enhance our continued growth within Setpoint's Instrumentation & Distributed Product Portfolio." said Jeff Kelley, Vice President of Sales and Marketing for Setpoint Integrated Solutions. "To support the local customers, we have invested in additional inventory and personnel to maximize our ability to provide a rapid response, quick shipments, and technical support throughout the process," Kelley continued.
