

## RECOVERY MANAGEMENT

---

Whether it's a technical malfunction or a natural disaster, we offer the guidance and experience you need to minimize downtime, so you can get back up and running in no time. To expedite your valve and instrument recovery:

### Make a visual inspection and assessment of:

- Control Valves
- Relief Valves
- Motor-Operated Valves
- Line Valves
- ESD Valves

### Inspect for possible damages to:

- Actuation
- Positioners
- Airsets
- Limit Switches
- Any accessories that control form, fit and function of the valve

### Identify what can be repaired vs. what needs to be replaced

### Take photos to capture:

- Tag number
- Serial number
- Valve Orientation
- Any other pertinent information

### Verify:

- Existing on-site assets
- Inventory listings (to identify what components you have vs. what you need)

### Define priorities and urgent needs:

- Identify critical tags and long lead items
- Evaluate repair vs. replacement options (via Total Installment Cost)

## SERVICE CAPABILITIES

From basic maintenance to recovery management, from equipment repair to emergency response, Setpoint Integrated Solutions (IS) is ready to provide the highest level of products, service, expertise and solutions.

### SERVICES

#### On-site Repair

- Control Valve / Instrumentation Repair
- Isolation / MOV Automated Valve Repair
- Gate, Globe, Ball, Plug, Check & Butterfly Valve Repair
- National Board "VR" Certified Pressure Relief Valve Repair
- Vent Valve Repair (Conservation/Pressure/Vacuum)
- HF Acid Testing/Decontamination
- DOT Certified Valve Inspection
- In-Line PRV Testing, In-Line CV Diagnostics
- Oxygen Cleaning / Testing
- Total Asset Management

### IMMEDIATE RESOURCES

- 750,000 Sq. Ft. of Repair & Distribution Facilities

#### ValvKeep®: Exclusive, intuitive, cutting-edge, easy-to-use software program that:

- Records the life of your valves
- Provides status reports on valve health
- Helps determine outages BEFORE THEY OCCUR
- Alerts for future maintenance planning
- Minimizes downtime
- Maximizes efficiency
- Provides real-time access to give you more control

### 24 HOUR RENTALS

#### Including a full line of systems for:

- Fuel
- Oil Filtration & Purification
- Filter Housing & Filtration

### MOBILE REPAIR FLEET, ON CALL 24/7

#### 20 field service units with various capabilities, including:

- National Board VR Accredited Field Service Units
- Air & Liquid testing for PRD, PVRV and CV up to 10" at 4350 psig meeting API 527 & 598 standards
- Sandblasters, Lapmasters, Overhead Cranes
- Torquing Equipment
- Line Valve Tooling, Climax Machines, Greasing Equipment
- Machining / Milling Equipment
- O2 Service Units
- Lethal Scrubber Units
- Heavy Machine Shop Units

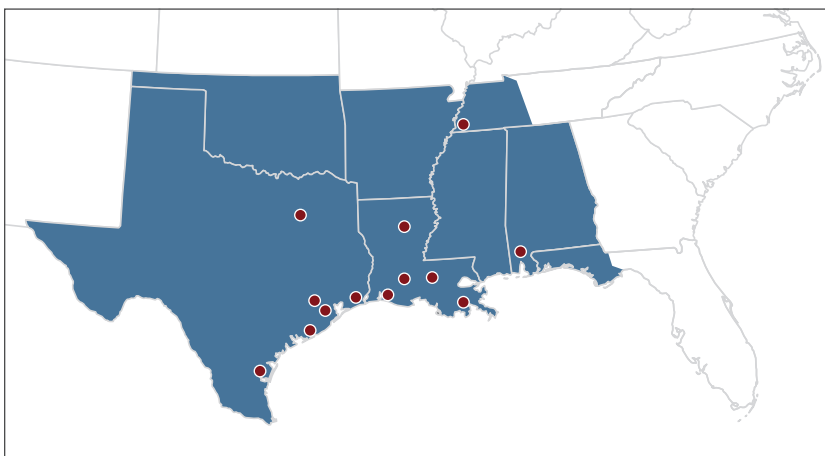

### QUALITY PRODUCTS

#### The highest-quality, top-name brands including:

- Control Valves - Masoneilan
- Pressure Relief Devices - Consolidated, Groth, Continental Disc
- Actuation - Rotork, Flowserve
- Manual Valves - Flowserve, Durco, Worcester

### QUALIFIED MANPOWER

- More than 500+ employees
- More than 250+ Certified/Nationally-Accredited Technicians, ready to help you through any process repair service

### WHY SETPOINT IS?

- 13 Strategic Gulf South locations
- Multiple Repair Centers throughout our footprint
- Unrivaled expertise in sizing & selecting, assembly & testing
